**What is Leadership Rocks?**

Leadership Rocks is an experience born out of the Student Leadership University organization. SLU, under the leadership, direction, and vision of founder and president Dr. Jay Strack, was established in 1994 with just a few students in an intensive cell group environment. Since that time, the scope of Student Leadership University has expanded to equip and empower more than 21,000 students to rise to the call of leadership. The primary commitment and dedication of Dr. Strack throughout the years has remained the development of unwavering leaders who are inspired to make a difference in their world.

The conference challenges students to be leaders for Christ where they are. World class speakers Brent Crowe and David Nasser provide inspiring messages. Glory Revealed leads worship experiences. The overall experience inspires students to lead others by following and pointing to Christ.
